Math- Students are practicing multiplication facts daily and learning how to multiply 2 and 3 digits by 1 digit using various strategies to solve. They are also learning problem solving strategies when using multiplication or basic division.

Science- Students are using weather maps to understand fronts and other weather patterns that help us predict the weather. We are also following the current weather conditions.

There will be a TEST on Thursday. A study guide will go home on Monday. Please note that a project will go home next week. Students will have several weeks to complete this assignment.

Reading- We are reading “Blood on the River.” We will carry over the same vocabulary words from last week. We will go to the library on Monday.

Grammar- We will be working on subjects and predicates and correct sentence structure.

Writing- we are working on informational writing.
